**Subject:** Call with PNGTS

PNGTS is available for a call on Friday, January 31 at 10 AM. I will be forwarding an invite with the call-in information. Recall that we also have a call with Kinder Morgan at 11 AM on Thursday, January 30. I propose that we use the same questions and approach we used in our call with Spectra, and I believe that both KM and PNGTS are expecting to bring us up to date on their projects.
